

**PAD****POST****COSMETIC RING****BASE****Step 1**

Begin by turning the top stool pad upside down and inserting the post into the hole.

**Step 2**

Next, turn over the pad with post, slip on cosmetic ring, insert into hole in base.

**Step 3**

Finally firmly press together with your body weight. Repeat for all stools.

### **READY TO USE**

Simply perform the steps above for all of your stools and enjoy.  
Body weight when sat upon will continue to press parts firmly together.  
Once assembled there is no need to disassemble.

### **CARE**

Use a damp cloth to clean. Do not use chemicals.
